Worst region: Central with \$39706 profit (margin 7.9%).

Most profitable segment: Consumer (134119). *Least: HomeOffice(60299).*

At discount bucket '0', profit margin averages 29.5%.

At discount bucket '0-10%', profit margin averages 16.6%.

At discount bucket '10-20%', profit margin averages 11.6%.

Recommendations

Avoid heavy discounts ($\geq 30\%$) on loss-making sub-categories; test price floors and cost-based promotions.

Bundle accessories with high-margin Office Supplies to lift average order profitability.

Double down on the best-performing region/segment mix via targeted campaigns and localized inventory.

Use Standard Class shipping by default; upsell faster modes when order profitability allows.

Adopt contribution-margin checks at checkout: block promo codes on low-margin baskets.
